TPR A. KINGS #1238

MISSOURI STATE HIGHWAY PATROL
REPORT OF INVESTIGATION

R# R7681790

SHP-326A

01/15

NARRATIVE

1. On July 31, 2023 I was assigned to investigate the alleged misuse of the Missouri Uniform Law Enforcement System (MULES) by Ashland Police [REDACTED]. The investigation was requested by Boone County Prosecuting Attorney Roger Johnson. The investigation request was initiated by Ashland City Attorney Todd Smith, who received a notice of grievance from Ashland Police Sergeant Andrew Worrall. Upon receiving the approval letter, I noted Mr. Johnson's request letter was attached and alleged the misuse of MULES. Attached to Mr. Johnson's request was an email from Mr. Smith to Mr. Johnson regarding the allegations.

2. At approximately 1010 hours, I contacted Mr. Smith regarding the investigation. Mr. Smith explained he believed [REDACTED] had utilized MULES to obtain criminal justice information about Ashland Mayor, [REDACTED] then posted the information about [REDACTED] to Facebook utilizing a fictional Facebook account under the name "Keith Beaver." This information was posted to Facebook during an election year, while [REDACTED] was running a campaign to be elected as Mayor. [REDACTED] stated he believed the Facebook account had since been deleted and did not have any pictures of the Facebook posts, but stated he believed Mr. Slinker and possibly other city officials had screenshots of the posts. Mr. Smith explained the allegations spurred from Sergeant Worrall, who had observed the violation. Mr. Smith agreed to email me a copy of Sergeant Worrall's grievance.

3. Upon receiving a digital copy of Sergeant Worrall's grievance's against [REDACTED] and reviewing the document, I contacted Sergeant Worrall to arrange a meeting. While speaking with Sergeant Worrall, I explained I needed to speak with him regarding [REDACTED] misuse of MULES. Sergeant Worrall stated he had not alleged misuse of MULES, but only that [REDACTED] utilized the department's report management system to obtain information. Sergeant Worrall agreed to meet at 0930 on August 1, 2023 to discuss the allegations.

4. Digital copies of the approval letter, Mr. Johnson's special request letter, Mr. Smith's email, and Sergeant Worrall's notice of grievance are attached to this report and will be maintained with this departmental case file.

5. This investigation is open.

NARRATIVE

SUPPLEMENT 1 - ANDREW WORRALL INTERVIEW
DATE OF REPORT - AUGUST 1, 2023
TPR A. KINGS #1238

MISSOURI STATE HIGHWAY PATROL
REPORT OF INVESTIGATION

NARRATIVE

1. On August 1, 2023, at approximately 0930 hours, I met with Ashland Police Sergeant Andrew Worrall regarding the allegations [REDACTED] misused the Missouri Uniform Law Enforcement System (MULES). This meeting occurred at the Ashland Police Station, address 601 East Broadway, Ashland, Missouri.
2. Sergeant (Sgt.) Worrall stated between January 2022 and April 2022, he believed [REDACTED] had utilized the departments report management system (RMS) Central Square to look up reports related to previous police interactions with then mayoral candidate [REDACTED]. Sgt. Worrall stated he believed [REDACTED] accessed information related to a domestic dispute between [REDACTED] and another individual, then utilized the Facebook account "Keith Beavers" to post some of the information. Sgt. Worrall stated he believed the intent of posting the information was to influence the mayoral election.
3. Sgt. Worrall stated he was not aware of any instances of [REDACTED] misusing MULES, but stated it was possible other officers had seen [REDACTED] improperly use MULES. Sgt. Worrall suggested speaking with Ashland Officers Rick Smith and Tom Whitener for additional information. Sgt. Worrall explained each officer had their own department issued computer and each officer had their own log-on credentials which allowed them to access MULES. Sgt. Worrall did not believe [REDACTED] had any department issued devices and was unsure if he had log-on credentials.
4. Sgt. Worrall could not recall any specifics of what information was released, nor did he have any screenshots. Sgt. Worrall stated he believed [REDACTED] had some screenshots of Facebook posts regarding this incident.
5. This interview was not recorded.
6. This investigation is open.

TPR A. KINGS #1238

MISSOURI STATE HIGHWAY PATROL
REPORT OF INVESTIGATION

R# R7681792

SHP-326A

01/15

NARRATIVE

1. On August 1, 2023, at approximately 1500 hours, I met with Ashland, Missouri, Mayor [REDACTED] regarding allegations Police Chief [REDACTED] misused the Missouri Uniform Law Enforcement System (MULES) to obtain information about [REDACTED]. The information was then posted via Facebook comments by alias account "Keith Beavers."
2. [REDACTED] stated he began receiving Facebook comments and messages from "Keith Beavers" on approximately November 12, 2021, while [REDACTED] was campaigning for Mayor. [REDACTED] believed the comments included information about his past, which was not public knowledge, and was unsure how the information was found. After the election in April 2022, the comments stopped. [REDACTED] explained many people in Ashland were aware of "Keith Beavers" Facebook postings.
3. [REDACTED] stated he blocked Keith Beavers on Facebook and had moved past the comments; however, when recent allegations against [REDACTED] regarding misuse of MULES were made, it was determined [REDACTED] was the owner of the "Keith Beavers" Facebook account. [REDACTED] believed [REDACTED] had misused MULES to obtain criminal history information about him and then post the related comments to Facebook.
4. [REDACTED] provided several screenshots of Facebook comments from Keith Beavers. Digital copies of these screenshots, which contain Facebook posts and comments, are attached to this report and will be maintained with this departmental case file.

5. This investigation is open.

NARRATIVE

SUPPLEMENT 3 - KYLE MICHEL INTERVIEW
DATE OF REPORT - AUGUS 1, 2023
TPR A. KINGS #1238

MISSOURI STATE HIGHWAY PATROL
REPORT OF INVESTIGATION

R# R7681793

SHP-326A

01/15

NARRATIVE

1. On August 1, 2023, at approximately 1558 hours, I conducted an in person interview with Ashland, Missouri, City Administrator Kyle Michel. This interview was conducted in reference to Police Chief [REDACTED] alleged misuse of MULES. This interview occurred at Ashland City Hall, address 601 East Broadway, Ashland, Missouri.

2. Mr. Michel explained the allegations came to light when Ashland Police Sergeant Andrew Worrall provided a written grievance against [REDACTED] for various things. Mr. Michel stated they met with City Attorney Todd Smith regarding the incident, and [REDACTED] was placed on administrative leave. Mr. Michel stated he had good rapport with [REDACTED] and offered to ask [REDACTED] about the allegations.

3. Mr. Michel stated on July 17, 2023, he asked [REDACTED] about the misuse of MULES, and [REDACTED] admitted he had in fact ran [REDACTED] in MULES, but it was for a "legitimate public safety concern." [REDACTED] showed Mr. Michel a MULES scan log which showed [REDACTED] was ran in MULES during November 2021. Mr. Michel could not recall the specific date but believed it was between November 11 and 18, 2021. Mr. Michel claimed during the conversation with [REDACTED], he admitted to using the "Keith Beavers" Facebook account. [REDACTED] stated the Keith Beavers Facebook account had been deleted.

4. Mr. Michel explained [REDACTED] was very cooperative with the administrative leave process and, since being placed on leave, had been in the City Hall several times to help with IT issues as [REDACTED] was also the "go-to IT guy" for the city of Ashland.

5. This interview was not recorded

6. This investigation is open.

NARRATIVE

SUPPLEMENT 4 - MULES LOG SCAN RESULTS
DATE OF REPORT - AUGUST 3, 2023
TPR A. KINGS #1238

MISSOURI STATE HIGHWAY PATROL
REPORT OF INVESTIGATION

R# R7681794

SHP-326A

01/15

NARRATIVE

1. On August 3, 2023, at approximately 1403 hours, I received an email from the Missouri State Highway Patrol Criminal Justice Information Services Division containing a pdf version of a Missouri Uniform Law Enforcement System (MULES) Log Scan Report for Operator License Number [REDACTED] which belongs to [REDACTED]
2. According to the log scan report, User ID [REDACTED] belonging to [REDACTED], utilized a Boone County Sheriff's Office Terminal with Originating Agency Identifier (ORI) MO0100505, on two occasions to conduct Query Wanted, DOR, DWITS (QWRT) and (Missouri Driver License Image Query) QIR searches for [REDACTED]. The first search was conducted on November 18, 2021, at approximately 0717 hours, and the second search occurred on March 10, 2022, at approximately 1553 hours. The ORI for Ashland Police Department is MO0100500.
3. I contacted a CJIS employee to discuss these results and inquired about ORI MO0100505. The employee conducted a search of the ORI and stated the ORI came back to Ashland PD, specifically an Ashland PD "MDT" or mobile computer system, but the specific device was unknown.
4. A digital copy of the log scan results are attached to this report and will be maintained with this departmental case file.
5. This investigation is open.

NARRATIVE

SUPPLEMENT 5 - BOONE COUNTY JOINT COMMUNICATIONS LOGS
DATE OF REPORT - AUGUST 7, 2023
TPR A. KINGS #1238

MISSOURI STATE HIGHWAY PATROL
REPORT OF INVESTIGATION

R# R7681795

SHP-326A

01/15

NARRATIVE

1. On August 4, 2023, at approximately 1100 hours, I received an email in response to a records request from Boone County Joint Communications regarding a search for any Computer Aided Dispatch (CAD) logs related to the November 18, 2021, and March 10, 2022 Missouri Uniform Law Enforcement System (MULES) look up of Missouri Operator License [REDACTED]. A search of Boone County Joint Communications CAD logs revealed there were no Ashland Police Department (PD) incidents in which the OLN was ran during the specified times.
2. During a follow up call, Boone County Joint Communications Administrative Coordinator Jodi Wilson stated she searched for Ashland PD incident from 0630 - 0800 hours on November 18, 2021, and from 1500 - 1430 hours on March 10, 2022. During the November time frame she located one Ashland incident which was for "traffic control" around a school, and the assigned Ashland officer was Devin Stevenson. During the March 10 timeframe Ms. Wilson located one call for service, which was an investigation "follow-up" conducted by Ashland Officer Jason Osenberger. Ms. Wilson did not locate any incidents during these timeframes in which Ashland Chief of Police [REDACTED] was assigned to an incident.
3. On August 7, 2023, at approximately 1422 hours, I received an additional email from Ms. Wilson regarding incidents with [REDACTED] and [REDACTED]. Ms. Wilson provided an event report from March 10, 2021, in which [REDACTED] contacted Boone County Joint Communications inquiring why Ashland Officers had been at his house.
4. Digital copies of the email and the dispatch log are attached to this report and will be maintained with this departmental case file.
5. This investigation is open.

NARRATIVE

SUPPLEMENT 6 - [REDACTED] INTERVIEW
DATE OF REPORT - AUGUST 9, 2023

1. On August 9, 2023, at approximately 0911 hours, I conducted an in-person interview with Ashland, Missouri, Chief of Police [REDACTED]. This interview was conducted in reference to [REDACTED] alleged misuse of the Missouri Uniform Law Enforcement System (MULES). This interview was conducted at Ashland City Hall, address 601 East Broadway, Ashland, Missouri.

2. Before the interview started, [REDACTED] requested Ashland City Manager Kyle Michel step into the room. [REDACTED] asked if the interview I was conducting was a part of the administrative or criminal investigation, and I advised criminal. [REDACTED] then asked Mr. Michel if he would be penalized if he chose not to talk with me and specifically mentioned the Garrity Rule. Mr. Michel stated he was unsure how the details of the administrative side worked. I advised [REDACTED] I was not looking into administrative actions, and that he was not required to speak with me if he chose not to. [REDACTED] ultimately chose to speak with me, and Mr. Michel left the room. Prior to asking any additional questions, I reiterated to the [REDACTED] his interview with me was completely voluntary, and I was conducting a criminal investigation and he could choose not to speak with me.

MISSOURI STATE HIGHWAY PATROL
REPORT OF INVESTIGATION

R# R7681799

SHP-326A

01/15

NARRATIVE

3. [REDACTED] stated he had utilized MULES in the past to look up Ashland Mayor [REDACTED] however, denied posting any MULES related information on social media. [REDACTED] admitted he had in fact posted information regarding [REDACTED] criminal history, but the information posted was readily found on the Missouri Casenet website. [REDACTED] had spoken to a couple officers regarding incidents with [REDACTED], and he posted some of that information to the internet.
4. [REDACTED] recalled at least two instances in which he received complaints regarding [REDACTED] and stated this was the only reason he had conducted a MULES lookup of [REDACTED]. [REDACTED] explained the first instance was a complaint, which he received directly from an Ashland School District bus driver in which [REDACTED] had allegedly committed a school bus stop-arm violation. Chief stated he believed he looked up [REDACTED] in MULES during this instance, and then assigned the investigation to Ashland Police Officer Jason Osenberger, who had issued [REDACTED] a citation for the violation. The second instance [REDACTED] recalled was a citizen complaint which again came to him directly from a third party in which the person claimed [REDACTED] had almost crashed into their friend. [REDACTED] stated he planned to speak with [REDACTED] in-person regarding this and had likely utilized MULES to look up [REDACTED] home address. [REDACTED] stated he never actually spoke to [REDACTED] about this incident. Finally, [REDACTED] recalled during the Mayoral campaign, [REDACTED] had contacted him to inquire if the bus stop-arm violation would affect his ability to run for mayor. [REDACTED] stated he possibly conducted a MULES search for [REDACTED] at that time but could not recall for certain.
5. I explained to [REDACTED] I had obtained a log of his MULES lookups regarding [REDACTED] and the results indicated the search was conducted by [REDACTED] Operators License Number (OLN). [REDACTED] explained in MULES, searches can be conducted by only name if a date of birth is unknown. [REDACTED] referred to this as "paging out." The results show all individuals with the name and similar names, and you can then obtain the OLN and look it up to view the Department of Revenue photo and associated license information. I told [REDACTED] about the two instances in which the MULES log indicated he had looked up [REDACTED], November 18, 2021, and March 10, 2022, and asked if he recalled either of those two instances. [REDACTED] was unsure what those searches were related to, but claimed it was possible those were the incidents he recalled. [REDACTED] stated he for sure recalled conducting MULES checks of [REDACTED]. [REDACTED] two times, and he believed each instance was for a legitimate criminal justice reason.
6. [REDACTED] stated he used a Facebook account under the alias, "Keith Beavers" to post information which he felt the public should be aware of. [REDACTED] claimed the account was originally created around 2015 or 2016 to be utilized as an undercover type Facebook account while he was working as a Hallsville, Missouri, Police Officer. During some instances, [REDACTED] chose to use the account as a "troll" account, without risk of negative consequences for the actual user. [REDACTED] stated he had shared the password with one other person in the past around 2017. [REDACTED] stated he closed the account approximately four to five months prior to this interview, as he was no longer using the account. [REDACTED] said he closed the account after a specific incident with one of the Ashland Police Officers. [REDACTED] explained the employee had posted something under the employee's personal account which [REDACTED] requested he remove that he believed would have negative consequences for the department. The employee knew about the Keith Beavers account, and [REDACTED] believed the employee would potentially reveal the actual owner of the Keith Beavers account, which would reflect negatively on the department. [REDACTED] stated he deleted the account so that if the employee revealed the Keith Beavers account owner, he could legitimately state the account was not longer active or utilized. [REDACTED] stated several officers and employees in the department knew about the Keith Beavers account.

MISSOURI STATE HIGHWAY PATROL
REPORT OF INVESTIGATION

NARRATIVE

7. [REDACTED] stated the information he shared using the Keith Beavers account was information related to Mr. Slinker's violent past and domestic violence incidents. [REDACTED] stated at the time he did not feel [REDACTED] was a suitable mayoral candidate. [REDACTED] reiterated the information he posted was obtained from Casenet or from specific officers which were involved in the incidents. [REDACTED] denied posting any of the specific details about the incidents which officers revealed to him. [REDACTED] claimed he was careful not to post anything that would be a violate any laws. [REDACTED] stated he had not used the department's current report managing system to look up reports involving [REDACTED], however he had looked at an archival system where past reports were stored. [REDACTED] again stated he did not post any protected information from those reports.

8. [REDACTED] stated he was unsure how to obtain Facebook records related to the Keith Beavers account. [REDACTED] stated he was sure the account did not exist anymore, as he had tried to log in and was unable. [REDACTED] stated the Keith Beavers account was linked to an email address which he deleted in approximately 2016 while still employed with the Boone County Sheriff's Office. [REDACTED] initially identified the email address as "MO0100548@gmail.com." [REDACTED] explained the email consisted of the Boone County Sheriff's Office originating agency ID (ORI) and his badge number (DSN). [REDACTED] claimed after the email address was deleted he no longer had the ability to change the password. While continuing to discuss this email address, [REDACTED] stated the email was in fact, MO01000005463@gmail.com. [REDACTED] could not recall the password which was used for the Keith Beavers account.

9. I recorded this interview on my Patrol issued audio recorder, and a digital copy of this interview is attached to this report and will be maintained with this departmental case file.

10. This report is a summary of the interview conducted with [REDACTED]. Information contained in this report may be in a different order than was recorded during the interview to aid in clarity and readability. For additional details review the attached audio recording.

11. This investigation is open.

TPR A. KINGS #1238

MISSOURI STATE HIGHWAY PATROL
REPORT OF INVESTIGATION

R# R7681800

SHP-326A

01/15

NARRATIVE

1. On August 8, 2023, at approximately 0950 hours, I met with Ashland Police Department Clerk Meagan Young regarding allegations [REDACTED] misused Missouri Uniform Law Enforcement System (MULES). This meeting occurred at Ashland Police Department, address 601 East Broadway, Ashland, Missouri.
2. Ms. Young had heard about the allegations regarding [REDACTED] and stated she tried to stay out of it. Ms. Young admitted she knew [REDACTED] was the owner of the Keith Beavers Facebook account, but outside of knowing about it, she did not have anything to do with it.
3. I requested Ms. Young conduct a records check through their reporting system to locate any incidents with Mayor [REDACTED]. Ms. Young stated they had an archival system for reports, as well as an active reports management system. The transfer from the old records system to the new records system preceded the dates related to this investigation. I first requested Ms. Young conduct a search of [REDACTED] to locate any records in which he was identified. The old system identified two cases in which [REDACTED] was identified, once on December 8, 2010, and once on August 24, 2013. A search of the new report management system revealed one incident with [REDACTED] from March 10, 2021. The March 10, 2021, incident was the incident in which [REDACTED] was given a summons for failing to stop for a school bus receiving/discharging children. Ms. Young provided me a copies of the previous record system report and the bus arm violation report.
4. I next requested Ms. Young search for incidents on November 18, 2021, and March 10, 2022; the two dates which MULES log scan reports indicated [REDACTED] conducted a search of [REDACTED] Operator License Number (OLN). Ms. Young stated the only incident in which reports were completed on November 18, 2021 was traffic crash. [REDACTED] was not a part of the traffic crash or the reporting. Ms. Young then looked for March 10, 2022, and found the only incident in which reports were completed was an ongoing domestic dispute. [REDACTED] was not a part of this incident. Ms. Young provided me copies of each of the reports related to these incidents so I could verify [REDACTED] was not involved.
5. During an interview with [REDACTED] (Lead 6), he identified two instances in which he believed he conducted a search of [REDACTED] and one possible instance in which he searched for [REDACTED]: 1) the school bus stop arm violation, 2) a word of mouth complaint in which [REDACTED] was driving recklessly, 3) [REDACTED] asked if the stop arm violation would affect his run for mayor. According to obtained records, the bus arm violation occurred on March 10, 2021 and the MULES log scan did not show [REDACTED] ran [REDACTED] during this time period. According to Ashland Police records, there were no incidents on November 18, 2021, and March 10, 2022, in which [REDACTED] was the subject of an investigation.
6. This interview was not recorded. Digital copies of the documents obtained during this lead are attached to this report and will be maintained with this departmental case file.
7. This investigation is suspended, pending review by a special prosecutor assigned by the Boone County Prosecutor's Office.

TPR A. KINGS #1238

MISSOURI STATE HIGHWAY PATROL
REPORT OF INVESTIGATION

NARRATIVE**DATE OF REPORT - OCTOBER 17, 2023**

1. During an August 9, 2023, interview with [REDACTED], regarding this investigation, [REDACTED] stated the Facebook account associated with "Keith Beavers" was deleted. On October 11, 2023, I attempted to locate additional Facebook records related to the Keith Beavers Facebook Account. I opened the Meta Law Enforcement Portal and attempted to preserve the Keith Beavers account by utilizing the email addresses provided by [REDACTED], which he claimed was used to create the Facebook account. Attempts to locate a User ID associated with "MO0100548@gmail.com" and/or "MO0100005463@gmail.com" were unsuccessful, and the website provided a response indicating "No account was found."

2. On October 12, 2023, Law Enforcement available programs, a search was conducted to attempt to locate the User ID associated with the Keith Beavers account. No results related to the Keith Beavers accounts were obtained.

3. On October 17, 2023, while reviewing screenshots provided by [REDACTED] (Supplement 2), I observed several of the screen shots appeared to have been sent to or from [REDACTED]. At approximately 1417 hours, I contacted [REDACTED], date of birth December 11, 1968, phone number [REDACTED], to inquire about the associated messages. [REDACTED] did not recall sending the messages to [REDACTED]. One of the screenshots appeared to be a private message between [REDACTED] and Keith Beavers, in which Keith Beavers claims to have "dirt" on [REDACTED] however no additional messages are observed. [REDACTED] did not recall contacting Keith Beavers. [REDACTED] reviewed his text messages between himself and [REDACTED] and claimed he could not locate any sent screenshots. [REDACTED] spoke about the Keith Beavers account and stated he and [REDACTED] suspected [REDACTED] was behind the account. [REDACTED] reviewed several private Ashland area Facebook groups, searching for the Keith Beavers account. [REDACTED] was unable to find the account, and stated it was possible if he was blocked by Keith Beavers, he would not be able to see the account. [REDACTED] did not provide any additional relevant information related to Keith Beavers.

4. Screenshots related to the attempted account preservations are attached to this report and will be maintained with this departmental case file. The interview with [REDACTED] was not recorded.

5. This investigation is open.

NARRATIVE

SUPPLEMENT 9 - CASE SUMMARY
DATE OF REPORT - OCTOBER 23, 2023

- 1. The subject of this investigation is [redacted], date of birth February 8, 1978, address [redacted]
2. The alleged criminal offense in this investigation is:
a. Misuse of Official Information which is a violation of Chapter 576.050 RSMo.
3. The alleged criminal offense occurred on November 18, 2021, and March 10, 2022, in the city of Ashland, Missouri.
4. A chronological synopsis of events is as follows:
a. On July 25, 2023, Boone County Prosecuting Attorney Roger Johnson requested the Missouri State Highway Patrol Division of Drug and Crime Control to conduct an investigation into the alleged Misuse of Official Information by Ashland [redacted]. The investigation request was initiated by Ashland City Attorney Todd Smith, who received a notice of grievance from Ashland Police Sergeant Andrew Worrall.
b. On July 31, 2023, I contacted Mr. Smith regarding the investigation. Mr. Smith explained he believed [redacted] had utilized the Missouri Uniform Law Enforcement System (MULES) to obtain criminal justice information about the Ashland Mayor, [redacted] then posted the information about [redacted] to Facebook utilizing a fictional Facebook account under the name "Keith Beaver." This information was posted to Facebook during an election year, while [redacted] was running a campaign to be elected as mayor. Mr. Smith stated he believed the Facebook account had since been deleted and did not have any pictures of the Facebook posts, but stated he believed [redacted] and possibly other city officials had screenshots of the posts.
c. On August 1, 2023, I spoke with Ashland Police Sergeant Andrew Worrall. During the interview, between January 2022 and April 2022, he believed [redacted] had utilized the department's report management system (RMS) Central Square to look up reports related to previous police interactions with then mayoral candidate [redacted]. Sgt Worrall stated he believed [redacted] accessed information related to a domestic dispute between [redacted] and another individual, then utilized the Facebook account "Keith Beavers" to post some of the information. Sgt Worrall could not recall any specifics of what information was released, nor did he have any screen shots. Sgt Worrall stated he was not aware of any instances of [redacted] misusing MULES.

CASE SUMMARY

NARRATIVE

d. On August 1, 2023, I met with Ashland, Missouri Mayor [REDACTED]. [REDACTED] stated he began receiving Facebook comments and messages from "Keith Beavers" on approximately November 12, 2021, while [REDACTED] was campaigning for mayor. [REDACTED] believed the comments included information about his past which was not public knowledge and was unsure how the information was found. After the election in April 2022, the comments stopped. [REDACTED] provided several screenshots of Facebook comments from Keith Beavers. I reviewed the information contained in the screenshots and did not observe any information which appeared to have come from Law Enforcement-related sources. I later conducted a search for [REDACTED] on Missouri Case.net. During the search I found publicly available information which appeared to be similar to the information contained in the Facebook postings.

e. On August 1, 2023, I conducted an in-person interview with Ashland, Missouri, City Administrator Kyle Michel. Mr. Michel explained the allegations came to light when Ashland Police Sergeant Andrew Worrall provided a written grievance against [REDACTED] for various things. Mr. Michel stated they met with City Attorney Todd Smith regarding the incident, and [REDACTED] was placed on administrative leave. Mr. Michel stated he had a good rapport with [REDACTED] and offered to ask [REDACTED] about the allegations. Mr. Michel stated on July 17, 2023, he asked [REDACTED] about the Misuse of Mules and [REDACTED] admitted he had in fact ran [REDACTED] in MULES, but it was for a "legitimate public safety concern." [REDACTED] showed Mr. Michel a MULES scan log which showed [REDACTED] was ran in MULES during November 2021. Mr. Michel claimed during the conversation with [REDACTED], he admitted to using the "Keith Beavers" Facebook account. [REDACTED] stated the Keith Beavers Facebook account had been deleted.

f. On August 3, 2023, I received an email from the Missouri State Highway Patrol Criminal Justice Information Services Division containing a pdf version of a Missouri Uniform Law Enforcement System (MULES) Log Scan Report for Operator License Number [REDACTED] which belongs to [REDACTED]. According to the log scan report, User ID "EDWARG1" belonging to [REDACTED], utilized a Boone County Sheriff's Office Terminal with Originating Agency Identifier (ORI) MO0100505, on two occasions to conduct QueryWanted, DOR, DWITS (QWRT) and (Missouri Driver License Image Query) QIR searches for [REDACTED]. The first search was conducted on November 18, 2021, at approximately 0717 hours, and the second search occurred on March 10, 2022, at approximately 1553 hours. The ORI for Ashland Police Department is MO0100500. I contacted a CJIS employee to discuss these results and inquired about ORI MO0100505. The employee conducted a search of the ORI and stated the ORI came back to Ashland PD, specifically an Ashland PD "MDT" or mobile computer system, but the specific device was unknown.

g. On August 4, 2023, I received an email in response to a records request from Boone County Joint Communications regarding a search for any Computer Aided Dispatch (CAD) logs related to the November 18, 2021, and March 10, 2022, Missouri Uniform Law Enforcement System (MULES) look up of Missouri Operator License Number [REDACTED]. A search of Boone County Joint Communications CAD logs revealed there were no Ashland PD incidents in which the OLN was ran during the specified times.

h. On August 9, 2023, I conducted an in-person interview with Ashland, Missouri Chief of Police [REDACTED]. [REDACTED] stated he had utilized MULES in the past to look up Ashland Mayor [REDACTED] however, denied posting any MULES related information to social media. [REDACTED] admitted he had in fact posted information regarding [REDACTED] criminal history, but the information posted was readily found on the Missouri Casenet website. [REDACTED] had spoken to a couple of officers regarding incidents with [REDACTED] and he posted some of that information to the internet.

i. [REDACTED] admitted he was the owner of the Keith Beavers Facebook account and stated he had deleted the account approximately 4 - 5 months prior to this interview, as he was no longer using the account. [REDACTED] said he closed the account after a specific incident with one of the Ashland Police Officers. [REDACTED] explained the employee had posted something under the employee's personal account which [REDACTED] requested he remove that he believed would have negative consequences for the department. The employee knew about the Keith Beavers account, and [REDACTED] believed the employee would potentially reveal the actual owner of the Keith Beavers account, which would reflect negatively on the department. [REDACTED] stated he deleted the account so that if the employee revealed the Keith Beavers account owner, he could legitimately state the account was no longer active or utilized.

j. [REDACTED] recalled at least two instances in which he received complaints regarding [REDACTED]

NARRATIVE

██████████ and stated this was the only reason he had conducted a MULES lookup of ██████████. ██████████ explained the first instance was a complaint which he received directly from an Ashland School District bus driver in which ██████████ had allegedly committed a school bus stop-arm violation. The second instance ██████████ recalled was a citizen complaint which again came to him directly from a third party in which the person claimed ██████████ had almost crashed into their friend. ██████████ stated he planned to speak with ██████████ in-person regarding this and had likely utilized MULES to look up ██████████ home address. Finally, ██████████ recalled during the Mayoral campaign, ██████████ had contacted him to inquire if the bus stop-arm violation would affect his ability to run for mayor. ██████████ stated he possibly conducted a MULES search for ██████████ at that time but could not recall for certain.

k. I specifically cited the November 18, 2021, and March 10, 2022, MULES lookups, and ██████████ was unsure what those searches were related to, stated it was possible those were the incidents he recalled. ██████████ stated he for sure recalled conducting MULES checks of ██████████ two times, and he believed each instance was for a legitimate criminal justice reason. According to obtained Ashland PD records, the bus arm violation occurred on March 10, 2021, and the MULES log scan did not show ██████████ ran ██████████ during this time. According to Ashland Police records, there were no incidents on November 18, 2021, and March 10, 2022, in which ██████████ was the subject of an investigation.

l. No Facebook records related to Keith Beavers were located during this investigation.

5. Witnesses identified during this investigation include:

- a. Andrew Worrall - Can testify to ██████████ reviewing departmental reports, and being the owner of the Keith Beavers Facebook Account
- b. ██████████ - Can testify to the comments and information posted by "Keith Beavers."
- c. Kyle Michel - Can testify to observing a MULES log where ██████████ showed the MULES lookups, and ██████████ statements regarding the investigation.
- d. Meagan Young - can testify to ██████████ using the Keith Beavers account, and the departmental records related to incidents involving Mr. Slinker.
- e. ██████████ - Can testify to observing Keith Beaver's postings.

6. Evidence collected during this investigation include:

- a. Sgt. Worrall's written grievance.
- b. Facebook screenshots provided by ██████████.
- c. MULES Logscan Results.
- d. Boone County Joint Communication Logs related to the March 10, 2021, Stop-arm Violation.
- e. Audio recording of interview with ██████████.
- f. Ashland PD reports and logs
- g. Facebook responses indicating Keith Beavers account information was not found.
